

Kennel Club BAER Testing Scheme.

Members are reminded that, in accordance with the Club's Code of Ethics, they are required to have all litters bred by them BAER Hearing Tested under the KC BAER Scheme.

It is part of our Code of Ethics that Club Members must, as a condition of membership, test and register their hearing results with the KC Scheme for publication in the Breed Record Supplement. It is the responsibility of members to ensure that the completed paperwork is submitted to the appropriate department following testing.

The required protocol is that –

Dogs must be KC registered and microchipped prior to testing

The microchip number of the dog is verified prior to testing

The test certificate is signed by a qualified Veterinary Surgeon

Copies of all test certificates (or alternatively a 'litter certificate' recording the individual puppies' details) should be sent to the Kennel Club either by scanning and email to – hbs@thekennelclub.org.uk or by post, addressed for the attention of the Health and Breeder Services Department, The Kennel Club, Clarges Street, London W1J 8AB

Test Certificates and more information can be obtained from:

http://www.thekennelclub.org.uk/media/579531/baer_test_programme.pdf
