SOUTHERN COUNTIES CH SHOW
MAY 2026

DALMATIAN

I have been fortunate to have judged Dalmatianâ€™s a number of times in the UK and abroad. On previous appointments i felt the depth of quality had been strong across the classes having awarded CCâ€™s to youngsters as well as adults and veterans,I always enjoy working my way through the entry for this lovely breed, i am not a breed specialist so please take my comments as constructive advice in a bid to help the breed going forwards.
The breed standard is fairly descriptive on movement, which it should be for a carriage dog so please when breeding future stock look to try lock in well constructed dogs to sort the movement out.
Symmetry and balance are so important to this breed. Today i found a lot of exhibits that lack the balance needed, either poorly made fronts or narrow rears, for me profile is more important to see the freedom of movement so i can forgive some closeness in the rear if the use themselves in profile, but with poorly made fronts the clean elegant outline is being lost and a lack of strength in the rear there are too many that are not balanced.
Dogs running fast doesnâ€™t always mean freedom of movement.
I had some males that are too coarse, especially in head which spoils and removes any hint of elegance.
That said i was more than happy with my principle winners who are nice examples of the breed and I found the bitches to have more depth in quality today.
I hope if i get to judge the breed again in a few years i see improvement in construction. I will say it was nice to hear a sporting ringside for each class which is to be applauded.

VD 3(0)
1. Page/Howellâ€™s Ch. Bleize De Montjuic at Winflash (imp USA). Nicely balanced dog, masculine but not overdone, equal head proportions on him, moderate stop, neat ears set well, lovely straight forelegs with good feet, has some forechest, good spring of rib that extend well back, excellent firm top-line, correct slight sloping croup with good tail, strong muscled rear, places his feet well on the move and holds his shape, good condition, lots to like.
2. Townson/Pardoeâ€™s Ch. Kaytoni Oh What A Night at Daymadals. Nicely proportioned dog being slightly longer than tall, pleasing head, moderate width of skull, not overdone in lip, preferred ear set on 1, excellent straight forelegs with good compact feet, nice spring of rib, holds his top-line, has some width in thigh, a little bit close in hock on the move but in profile again is positive with good carriage and good tail set, also in good condition.
3. Williams/Tanswellâ€™s Tolkain Storm King from Phadante JW.

MPD 5(1)
Four youngsters, still fairly raw all through.
1. Page/Howellâ€™s Philemon vom Roten Herzfleck at Winflash (imp DEU). Was the most balanced in class, clean outline to him, I liked his head, equal head proportions, moderate stop ears moderate size, good pigment on him, nicely made front, still obviously needs to develop in chest but he has a clean neck, ribs are of fair length, excellent top-line, strong rear angulation on him, good tail carriage and he is a sound mover, in profile he has good carriage to him, felt he was the best overall for soundness and proportions, BP.
2. Bridge/Meyerâ€™s Tamilanda Staropramen for Akoni. Slightly stronger male in head than 1 but a balanced dog, clean lips and has some strength in foreface, neat ears set well, good bone to him, still obviously needs to drop and fill in front, good spring of rib, good top-line, tail carriage a little too high and needs to strengthen in hock but he is a positive mover in profile although close in the rear, moderate spotting.
3. Simpsonâ€™s Castletop Oud and Obsidian.

PD 2(0)
1. Bridge/Meyerâ€™s Tamilanda Staropramen for Akoni. Repeat.
2. Reide-Westâ€™s Jemblewood Northern Stork of Rangalstere. Strongly built male, broad skull to him, a little loose in lip, would prefer less throat, straight forelegs with good feet, strong neck, a little upright in shoulder but he has neat elbows to him, his ribs have some spring but could be longer, good top-line, moderate rear angulation, a little steep in croup but carries his tail level moving, parallel hocks, just preferred the profile movement of 1.

JD 3(0)
1. Edensâ€™ Dalens Jewel In The Crown. Masculine head, bit too much stop for ideal but he has some width in skull and high set ears of moderate size, equal head proportions on him, could be a little bit tighter in lip, good bone, feet, strong muscular neck of medium length, depth to his chest, moderate front assembly on him, he has good length of leg and ok length of body, good top-line, correct croup and tail, muscular rear, most balanced dog in the class.

2. Williams/Transwellâ€™s Carodal Welcome Way via Waltzaway. Strong headed dog, little short in foreface for ideal and wide in cheek and back skull, preferred the head on 1, correct bone, deep chest, a little bit too tucked up underneath, strong back, moderate rear angulation, low set hocks, could have a fraction more bend of stifle for ideal, tail carried a little bit too high, just preferred the balance and carriage of 1.
3. Daviesâ€™ Teghafren Black Knight.

YD 2(0)
1. Page/Howellâ€™s Winflash Tom Ford. Masculine well built dog, strong dog overall but not coarse, I liked his head, very balanced, equal head proportions on him, lovely dark oval eye, has some width in skull, tight lips, also some strength in muzzle that slightly tapers, good neck, has some forechest and depth to him, excellent straight forelegs with good bone, well sprung ribs that extend well back, firm top-line, strong muscled rear quarters, could have a little bit more definition of hock but he is in firm good condition, very positive on the move, in profile he holds his shape, good temperament on him, lots to like, just up to size.
2. Edensâ€™ Dalens Jewel In The Crown. Repeat.

PGD 5(0)
1. Goddard/Barryâ€™s Dalberry That Boy Is Mine. Best for proportions in this class and balance, good size with a clean outline on him, he has equal head proportions, moderate stop, broad skull and has some strength in muzzle, good bone to him, compact feet, he has a clean arched neck, chest could be a little bit deeper for ideal but there is some spring there and has good top-line, muscled loin, correct croup and tail, moderate balanced rear angulation, good skin, good spotting on him, was the freest mover in the class in profile.
2. Dewcroftâ€™s Joubello Heaven Sent. Slightly stronger headed dog than 1 and ideally like a darker eye to him but he has equal head proportions, moderate stop, wide flat skull, straight forelegs with compact feet, ideally like a little bit more width through chest and slightly more spring of rib but he has good top-line on him and like 1 has correct proportions of body and leg, moderate rear angulation with good muscle tone, just preferred the strength of hock of 1 but he is a positive mover, just needs to fill out in the middle more, nice temperament.
3. Daviesâ€™ Hafwenna King John at Teghafren.

LD 9(2)
1. Corcoran/Howard-Riddleâ€™s Shydally Star Gazer. Lovely balanced elegant dog, very clean symmetrical outline to this dog, masculine but not overdone, excellent head proportions, flat skull and moderate well set ears,had a sparkle in his eye along with some strength to his foreface, strong, long arched neck, lovely straight forelegs, compact feet, nice spring of rib, firm top-line with muscled loin, correct croup and tail, very sound from all angles, holds his shape at all times, he is a free powerful dog,shown in lovely muscular condition, lots to like, good type, felt he was the best example i had in todayâ€™s entry,DCC & BOB. Was told it was his first CC, for sure he is a future Champion.
2. Mossâ€™ Sadiedel Let Ur Heat Decide JW. Slightly more feminine dog than 1 but still has nice proportions, just preferred the substance and a bit more bone on 1 but this dog has a nice head, good expression, lovely black nose, he has neat well set ears, flat skull, just felt he could have a little more fill in front but he has straight forelegs, level back, moderate angles front and back, yet again he is positive on the move, carries his tail a fraction high, lots to like, just felt the winner had a little more masculinity.
3. Bakerâ€™s Kelevra Chive Talking with Dalleaf JW.

OD 5(1)
1. Alexanderâ€™s Offordale Belvedere. Very balanced, liked his size, proportions and balance, medium frame but still masculine, lovely head actually, has some strength in foreface, good skull, moderate build, feet could be a little bit tighter for ideal, straight forelegs, correct amount of bone, nice depth to his chest, ribs extend well back, nicely spotted, strong rear which he uses well on the move with good tail set and carriage, in profile was best in the class, RDCC.
2. Page/Howellâ€™s Ch. Olilou Heavenly Hamilton by Winflash. Masculine dog, stronger build than dog, broader skull, a little bit strong in foreface for ideal, lovely straight forelegs, excellent feet, has depth to his chest, preferred the shoulder placement of 1, this dog has good ribs, excellent body, muscled loin, super firm top-line, strong tail, has width in his upper thigh and he is a positive mover, just preferred the framework of 1 but 2 nice dogs but they are different.
3. Howardâ€™s Decodaâ€™s Crackerjack JW.

2. Burkeâ€™s Hafwenna The Red Viper at Dintradot. Placed in LD earlier, pleasing head, lovely dark oval eye, could have a little bit more definition of stop for ideal and prefer tighter lip but has equal head proportions, neat ears, strong neck, correct bone for frame, well sprung ribs, would like a better lay of shoulder for ideal, firm top-line, I liked his width of rear and muscled second thigh, positive mover but just preferred the clean outline of 1.

1. Hobbs/Whitingâ€™s Rapanooey Portiaâ€™s Reverie.
